Each year our schedule and our connections to the world around us change. While some are getting busier and finding more stress with more entangled connections others are finding space in what was once a busy schedule, both can bring stress and uncertainty. Summer is the perfect time to slow down and seek out God's direction in these new beginnings as well as learn from each other as we dive deeper in building relationship with our church community.

We invite the entire church to join us for a weekend away from our busy changing lives to "Dive in the Deep" together.
